

## Statistics for the SDGs - global indicators

Name of the indicator	<b>1.a.1 Total official development assistance grants from all donors that focus on poverty reduction as a share of the recipient country's gross national income</b>
Sustainable Development Goal	Goal 1. No poverty
Target	1.a Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions
Definition	The amount of ODA, measured as the equivalent of a grant, spent on poverty reduction in relation to Gross National Income.
Unit	%
Available dimensions	total
Methodological explanations	<p><b>Official Development Assistance (ODA) comprises</b> grants and loans that are provided by government agencies or international organizations to promote the economic development and welfare of developing countries. In order for loans to qualify as ODA, they need to comprise a grant element of at least:</p> <ul style="list-style-type: none"> <li>• 45% of the total amount for LDCs and other LICs (calculated at the discount rate of 9%),</li> <li>• 15% for LMICs (calculated at the discount rate of 7%),</li> <li>• 10% for UMICs (calculated at the discount rate of 6%).</li> </ul> <p>ODA <b>also includes</b> technical assistance that aims at developing human resources and raising qualifications as well as technical and productive capacity of the developing countries. Technical assistance consists in, i. a., conveying knowledge and experience in the form of training, sending experts and commencing research and/ or covering its resultant cost.</p> <p>No military equipment or services are reportable as ODA.</p> <p>Moreover, it is also required that a partner country benefitting from assistance is on the OECD DAC (Development Assistance Committee) list of ODA recipients.</p> <p>Depending on the form of its realisation, development assistance might be distinguished into:</p> <ul style="list-style-type: none"> <li>• <b>bilateral assistance</b> which is undertaken by the donor country directly in the partner country or by an international organisation as earmarked contribution to the partner country or as a contribution for a specific programme/ fund managed by the organisation,</li> <li>• <b>multilateral assistance</b>, which is provided as a contribution to the general budgets of international organisations whose list is updated annually by the OECD-DAC Secretariat.</li> </ul> <p>Bilateral ODA, which focuses on poverty reduction, includes the following areas of support:</p> <ul style="list-style-type: none"> <li>• basic education (CRS codes 112xx Basic Education)</li> <li>• basic health (CRS codes 22xx Basic Health)</li> <li>• supply in water and sanitation (CRS codes 140xx Water Supply and Sanitation)</li> <li>• multisector aid for basic social services (CRS code 16050 Multisector aid for basic</li> </ul>

## Statistics for the SDGs - global indicators

	<p>social services)</p> <ul style="list-style-type: none"> <li>• development food aid (CRS code 52010 Development Food Aid).</li> </ul> <p>Official Development Assistance in Poland is provided in accordance with the Development Cooperation Act of 16th September 2011 (Journal of Laws of 2011, No 234, item 1386). Polish development cooperation is based on the Multiannual Development Cooperation Programme, developed for a minimum period of four years. In accordance with the document, the development cooperation includes all the actions undertaken by the government administrative bodies in order to provide the developing countries with development assistance and humanitarian aid as well as the implementation of educational actions for raising awareness and better understanding of global issues and interdependencies.</p> <p>The development cooperation in Poland is coordinated by the Ministry of Foreign Affairs that has devised Multiannual Development Cooperation Programme for 2021-2030 in accordance with which the focus of Polish development cooperation has been placed on selected max. 10 Eastern Partnership countries as well as African, Asian and Middle East countries. „Development cooperation plan in 2023” specifies priority geographical coverage to: Belarus, Georgia, Moldova, Ukraine, Lebanon, Palestine, Ethiopia, Kenya, Senegal and Tanzania.</p> <p>Polish development cooperation serves the following thematic priorities: peace, justice and strong institutions, equal chances (education, decent work, entrepreneurship, reduced inequalities, sustainable cities), health, climate and natural resources (clear water and sanitation, forests and biodiversity, renewable energy resources), in alignment with Sustainable Development Goals (16, 4, 8, 10, 3, 6, 11 and 13). Activities included in the programme are financed with the resources from the Ministry of Foreign Affairs of Republic of Poland from target reserve of the state budget, designed for the development cooperation, and from the funds of other public administration bodies.</p> <p><b>Least Developed Countries (LDCs)</b> - the countries with the lowest levels of socio-economic development, which meet the following three criteria: average income per capita below \$ 750 for 3 years, low human resources (malnutrition, high mortality, low level of education) and the sensitivity of the economy (dependence on the production of raw materials or agricultural products). The list of LDCs covers about 50 countries (most of them are African countries).</p> <p><b>Gross National Income (GNI)</b> - the gross primary income of all property sectors or all national institutional sectors it is the sum of gross domestic product and income from abroad.</p>
<b>Data source</b>	Ministry of Foreign Affairs of the Republic of Poland/ Statistics Poland
<b>Data availability</b>	Annual data; since 2013
<b>Notes</b>	From 2018, the leading ODA indicator is presented in the form of a grant equivalent, taking into account only the grant element multiplied by the value of a given flow. The grant element is calculated specifically for tied aid credits. Additionally, work is underway to include other flows in ODA, e.g. amounts mobilized by the public sector from private sector instruments. Moreover, since 2019, Poland has been reporting a new TOSSD (Total Official Support for Sustainable Development) indicator, which measures the support provided for the implementation of the SDGs at the global level.
